Give us a call whenever your ongoing marketing demands require the best exhibit service your promotional dollars can buy.

049 Model Airplane Engine

Cox Engines Are Back! Stinger. For those who have been in the hobby for a while, the name Cox is no stranger. Many of us first started into the hobby with a Cox plastic control line model, and many RCers have used the venerable Cox .049 in various forms to power small aircraft, gliders or even helicopters.

NV Engines (former Norvel) is a Russian manufacturer of premium sport and competition two stroke glow engines to the RC and CL hobby market place. Since 1992 NV engines have been synonymous with amazingly friendly performance and durability. The manufacturer was the first to pioneer in using the innovative Revlite technology that boasts "best-in-class" power-to-weight ratios and fuel efficiency.

NV Engines (former Norvel) is a Russian manufacturer of ...

One of the "occupational hazards" of collecting old model aircraft engines is the fact that a lot of them have been sitting in their boxes for anything up to 50 or so years, and the moving parts are completely and utterly locked solid. Now, I don't know about you, but if I have an engine in my collection, one of the associated pleasures ...
