I've always been able to learn quickly. Getting A's and A+'s with little studying before tests wasn't a challenge for me throughout school. While in University, I've maintained an average that sits between A and A+. Despite this, I don't spend more than the average person on homework. In fact, I might even spend less.

The methods for learning more and studying less can be implemented in two ways: The 228-page ebook, case studies & worksheets for \$39 6 hours of videos and a set of interviews in addition to the ebook, case studies & worksheets for \$67 The book is separated in four parts.

### **Learn More Study Less Review: Learn More Study Less Review**

Learn more with holistic learning, while study less with holistic learning. The book combines with the author's own learning experience and almost all major theories and techniques in the field of productivity and personal development. So you can have a quite clear view of them all. But I personally feel there should be more details.

### **Learn More, Study Less by Scott H. Young - Goodreads**

Study Less, Learn More is based on a synthesis of published research, not simply opinions of students, teachers, or experts. Readers learn how memory and attention work, and how to put these insights into practice for the most effective and efficient studying.
