### Overhead Garage Door Installation Guide

Step 1, Measure the garage door opening before purchasing panels. Use a tape measure to carefully record the length and width of the opening. Order this size so the panels will be made slightly smaller, fitting perfectly in the doorway. The panels will be about 1/4 in (6.4 mm) smaller than the opening. Step 2, Lay weather stripping over the bottom door panel. At a home improvement store, purchase some rubber weather stripping. Lay the panel flat on a workbench. The stripping is ...
