Project Gutenberg is a charity endeavor, sustained through volunteers and fundraisers, that aims to collect and provide as many high-quality ebooks as possible. Most of its library consists of public domain titles, but it has other stuff too if you're willing to look around.

An Atlas Of Gross Neuropathology

This atlas contains 418 photos of brain lesions, all in color and almost all gross, including a few whole mounts. The photos are excellent with realistic color, black backgrounds, and sharp contrast. They cover just about every type of disease it is possible to see in the practice of neuropathology (many that I have not encountered in 40+ years of practice).
