Babyliss has a few options for curling irons, so with any Babyliss pro curler review, it's important to point out multiple devices. For this particular review, I wanted to focus on two main options: automatic and manual. Babyliss has good options for both categories, so really, it's just a matter of your preference.

...

For some this can cause a 'fro, so those folks should use a little more time to take each separate curl and run a single finger right through the middle, separating each curl into two curls. This will loosen them with out increasing volume too much. And you can repeat as desired, separating those two curls into four.

Automatic vs Manual

## **BabyLiss Pro Curler Review: Automatic or Manual? - Best**

...

Gentle on hair. My curls last all day and without the damage of a hot curling iron. I have long hair and live in FL, so keeping a curl is a challenge. I usually heat them up for 30 mins., pre-spray each strand with biolage thermal setting spray, wrap curls and then get dressed and do my make up - so I leave them in for up to an hour.
