The Tyranids are unlike any other race to be encountered by Humanity. They are the ultimate predators; to them all living things, from the lowliest insect to the most advanced civilisation, are mere prey. Only now are the inhabitants of the galaxy realising the scale of the threat - unless the Tyranids can be stopped,

One of the better Codex's for Warhammer 40,000. It gives all the historical information you need to fill in the "how did they get here?" questions in your mind. If you are going to read any of the books that talk about the Tyranids (Ultramarine Omnibus or Cain series) this will help much in the understanding of their tactics and consequences.

A new Tyranid codex was released on 16 January 2010, written by Robin Cruddance. It included 15 new species of Tyranid, and legendary heroes like the Swarmlord, Old One Eye and the Doom of Malan'tai. In addition, some models saw a point cost reduction, which allowed certain Tyranid armies to field more units, although this was not the case for all Tyranid units.
