Balancing Canadian and international content, the contributions introduce students to the theoretical and historical foundations for understanding the ways in which Canadian and global food systems are managed.

## **Critical Perspectives in Food Studies: Koc, Mustafa ...**

About the Series. The study of food has seldom been more pressing or prescient. From the intensifying globalization of food, a world-wide food crisis and the continuing inequalities of its production and consumption, to food's exploding media presence, and its growing re-connections to places and people through 'alternative food movements', this series promotes critical explorations of contemporary food cultures and politics.
