### Customer Service Call Center Training

According to The Global Call Center Report, compiled by researchers at Cornell University, newly-hired call center agents typically receive 15 day of initial training. If your training protocol falls shy of this 15 day mark, it might be time to take a long hard look at your training curriculum and whether or not your agents are sufficiently trained to meet the needs of your customers when they hit the phones.

### Call Center Training | Call Centre Customer Service ...

Customers expectations for service are always increasing and call center training is a crucial part of the puzzle. Improving performance management and training best practices in the call center is key to keeping your customers happy. "Make sure that everyone who talks to customers on the phone, or answers the business line, is trained," says Gail Goodman, president at communications and phone training company ConsuTel.

### Call center training : 20 best practices | Aircall Blog

Call center customer service training can be a real challenge, because once someone is "on the phones", it is difficult to release them for a training session, as it will affect service levels. It is important therefore, that any training carried out achieves its objectives, and that the business feels the benefits of taking people off the phones and the disruption that may cause.
