Imagining internationalism in American and British labor ...

The American left should embrace a reparative internationalism – we should take responsibility for the United States's wrongdoing across the globe and endeavor to make amends. A reparative internationalism would reject isolationism by prompting Americans to express concern for individuals beyond our shores.

Imagining a Reparative Internationalism - Fellow Travelers

Internationalism in American foreign policy has had different meanings for nearly every generation of citizens and diplomats. It has been associated with all forms of external contact with the world, the relationships becoming more extensive and political with the passage of time.

Internationalism | Encyclopedia.com

Internationalism is a political principle that advocates greater political or economic cooperation among nations and people. It is associated with other political movements and ideologies, but can also reflect a doctrine, belief system, or movement in itself.

Internationalism (politics) - Wikipedia

American internationalism was always conceived as an enlightened expression of American nationalism, an approach premised on the idea that the wellbeing of the United States was inextricably interwoven with that of the outside world.
