We recommend the K&P Micronic Stainless Steel Oil Filter be cleaned frequently when first purchased or when engine work has been performed. This will give you a feel for how much debris is being filtered out of your machines oil and help you decide how often you want to clean the filter for your application.

Motorcycle Oil Filters

K&P Engineering has been manufacturing reusable micronic stainless steel oil filters for the past 13 years. Starting off with a couple of different applications for dirt bikes and ATVs, the company now makes models to fit a wide range of applications including all major street bikes, dirt bikes, and ATVs.
