Nrpe Documentation Nagios
NRPE DOCUMENTATION 1. INTRODUCTION a) Purpose The NRPE addon is designed to allow you to execute Nagios plugins on remote Linux/Unix machines. The main reason for doing this is to allow Nagios to monitor "local" resources (like CPU load, memory usage, etc.) on remote machines. Since these public resources are not usually exposed to external machines, an

NRPE DOCUMENTATION - Nagios
The documentation provides an excellent over view of how to compile, install and deploy NRPE. I might want to add at the end that you do not want to restart Nagios, but perform a reload. It is cleaner and will not interfere with current operations.

Official NRPE Documentation - Nagios Exchange
