From economic to political union. The European Union is a unique economic and political union between 27 EU countries that together cover much of the continent. The predecessor of the EU was created in the aftermath of the Second World War.

The EU in brief | European Union

It wasn't supposed to be like this. As it grew over the decades, the European Union took great care to ensure that any new member met a series of basic criteria: that its democratic systems were robust, that its judiciary was independent and that its authorities respected the rule of law and the rights of minorities.. What it didn't account for was a scenario where one of its members ...
